

Creative Recovery Programme KS3 and KS4 Summer and Autumn Terms 2021/Summer Schools

Half Moon, Tower Hamlets' leading theatre company for young people, offers a Creative Recovery Programme to support students returning to school after the disruption to their lives and their learning.

In the Summer and Autumn Terms (including Summer Schools), our range of Creative Recovery Programme sessions can be delivered in school and tailored to the needs of your students and the funding your school or department have available. We will work to your parameters regarding age focus, group sizes and number/length of sessions. Talk to us about using **Catch-up Funding** for a bespoke drama programme with a focus on emotional well-being, motivation and confidence.

Well-being for KS3/4: WHAT we would address

- Social skills including emotional literacy, collaborative working and taking turns;
- Verbal and non-verbal communication skills for self-expression;
- Confidence in speaking in front of others;
- Focus and responding in the moment;
- Channelling energies for focus and concentration.

Well-being for KS3/4: HOW we would address it

- One-off sessions or a series of 5-10 weekly sessions for whole classes or small intervention groups;
- Bespoke CPD for tutors and/or year leaders to deliver creative activities for well-being in tutor time.
- Activities can be delivered outside if necessary.

Drama Curriculum KS3: WHAT we would address and HOW

Current Year 7s or Year 8s/9s deciding their options:

- Half Moon could bring in creative professionals to re-ignite enthusiasm for Drama as a practical subject through hands-on activities that introduce them to all aspects of theatre from performing to lighting, set design and sound.

Creative approaches to integrating new Year 7s

- We could deliver well-being focused activities as part of the new Year 7 Taster Day
- We could deliver play in a week **Summer Schools** that enable new Year 7s to make friends, develop collaborative working skills and address their fears about starting secondary school whilst having fun and being creative.
-
