

## Art at Half Moon

Since 2012, Half Moon has collected a range of art from previous exhibitions to put on display throughout the building, in meeting rooms, offices, passageways and other surprising places. How many can you find?

Our *Stages of Half Moon* exhibition is now on permanent display in the upper corridor. It is overflowing with pictures and original posters, so do take a look and learn more about the rich heritage of Half Moon Theatre.

## About Half Moon

Half Moon is a vibrant young people's theatre in Limehouse, East London, offering a theatre programme which attracts thousands of people to the building each year. Our professional theatre productions for young audiences tour throughout the UK.

We also have an extensive Creative Learning programme, giving children and young people from birth to 18 (or 25 for disabled young people), an opportunity to participate in a variety of creative activities in schools, community settings and in our own building.

The company is one of Arts Council England's National Portfolio Organisations and also receives grants from the London Borough of Tower Hamlets. Each year we have to raise over £150,000 in additional grants and donations, so please contact us if you can help in any way.

# ARE YOU SURE YOU WANT TO MOVE OUT?

**by Marta Mrugala-Kramarczyk**

**Until 19 December 2020**

## Are You Sure You Want to Move Out?

9 January to 19 December 2020

A striking series of eye-catching 3D and graphic works inspired by London's most popular landmarks, by interior designer and artist Marta Mrugala-Kramarczyk. Her latest exhibition, *Are You Sure You Want To Move Out?*, captures Marta's love affair with what she calls "the world's greatest city".

Marta's designs are strongly influenced by her up-bringing in Poland during the country's communist era in the late 1970s and 1980s. This is expressed in two ways.

Firstly, through her precise treatment of form and use of vivid colour acting as a counterpoint to the grey concrete environment that surrounded her as a child.

Secondly, as result of the very limited access that the majority of the population had during that time to quality art materials and to workshops. This prompted her to develop her own design language, developing skills and imaginative approaches to produce creative work almost "out of nothing".

This work was developed further when she studied interior design in the early 2000s at the Academy of Fine Arts in Wroclaw – one of Poland's most important universities. Her studies gave her access to the old Polish School of Posters, which have in turn defined her present approach to graphic and interior designs, which are minimalistic and visually arresting in their simplicity.

Marta has lived in London since 2007 and works out of her studio in Bermondsey.

## Responding to the exhibition

Beneath some of the artworks there are chalk boards for visitors – young and older - to make their own responses, or leave their own creative imprints for others to enjoy. There is also a specially created Gallery Trail for children to complete.

School and community groups can visit free of charge by pre-booking and can use our Gallery Trail to support Arts Award Discover and Explore. Contact Beccy on 020 7709 8908 or [youth@halfmoon.org.uk](mailto:youth@halfmoon.org.uk) for more information.
