

About Half Moon

Half Moon is a vibrant young people's theatre in Limehouse, East London, offering a theatre programme which attracts thousands of people to the building each year, as well as to our productions on tour throughout the UK.

We also have an extensive Creative Learning programme, giving children and young people from birth to 18 (or 25 for disabled young people) an opportunity to participate in a variety of creative activities in schools, community settings and in our own building.

The company is one of Arts Council England's National Portfolio Organisations and also receives grants from the London Borough of Tower Hamlets. Each year we have to raise over £100,000 in additional grants and donations, so do contact us if you can help in any way.

Gallery @ Half Moon

Half Moon created an exciting opportunity to provide further support to the community by inviting local artists to showcase their work in the gallery, developed as part of the 2012-2014 Capital Refurbishment Project.

We are always looking for artists to exhibit for 3 month periods. We particularly like to hear from artists who live or work in Tower Hamlets. Works must be of a mixed-scale and suitable for a family audience. All works should be available for purchase and will be subject to a small commission if sold.

A Stitch in Time - Reflections from Childhood

16 April – 8 July 2015

A Stitch in Time – Reflections from Childhood is a delightful collection of intricate machine embroidered works, etchings and digital prints made from observational drawings, that invites you to delight in happy memories of childhood, from exploring at the beach and digging in the garden, to quietly reading or devouring teatime treats.

This captivating work is the product of the artist's love of a variety of processes and materials – including location drawing, vintage fabrics, the stitched line, computer digital manipulation and printmaking – then often fusing them together into a striking final image.

Deborah is a graduate in Graphic Design from Camberwell College of Arts (UAL) specialising in illustration. She creates the finished works in her London studio, which houses the invaluable tools of her trade, including a Mac computer and a 1964 Bernina sewing machine.

Deborah's works as a visiting teaching artist for Southwark Schools and Community Groups. Her commissioning clients have included The Guardian, Home Live Art, Barbican Centre, Ways with Words Literary Festivals, Dulwich Picture Gallery and Vital Arts. She is the creator of *Penta'paper – The Machine of Visual Delights*, a site-specific, interactive illustration installation. Deborah is available for private commissions.

Responding to the exhibition

Beneath some of the paintings there are chalk boards for visitors – young and older - to make their own responses, or leave their own creative imprints for others to enjoy. There is also a specially created gallery trail for children to complete. School and community groups can visit free of charge by pre-booking and can use our gallery trail to support Arts Award Discover and Explore. Contact Beccy on 020 7709 8908 or youth@halfmoon.org.uk for more information.
